

OH CANNABIS - JULY 1ST 2017

1 Oh Cannabis, a natural source of bliss
It'll grow in your back yard
Give it a try, it isn't hard
A year from now tonight, we may legally light
All our doobies, joints and pipes
We must all prepare, so when the time is here
Our maple leaf - will align with stars and stripes

Oh Cannabis, Justin Trudeau has sanctioned this
Oh Cannabis, we'll have our weed before too long
Oh Cannabis it's proof that we did not vote wrong

2 The Americans have found
That Justin's idea is sound
Mary Jane is now the rage, to "Murcans" who are of age
But there are still Canucks with heads as hard as pucks
That still cannot see the gain
Beside a liquor store, at a new dealer next door
They could find a better way to "Not feel pain"

Oh Cannabis, We have to move on this,
Oh Cannabis, we are dragging feet for much too long
Oh Cannabis don't make me write another song...

3 Here at the Mic Mac Camp
Among waders that are still damp
Next year smoking pot will be legal
And some of us may be high as an eagle
Perhaps we need a theme so we can live our dream
And we must believe what can be
So a NEW salmon fly on our lines we'll tie
That has been aptly named a "Doobie"

Oh Cannabis, when the salmon rise for this
Oh Cannabis, this news will hit the social media
Oh Cannabis, we'll be using "Doobies" on the Cascapedia
